

Please notice the following procedure for joining a doctoral program (Ph.D.) at the University of Tübingen:

1. The first step is to contact a Professor at the University in the area of your research or alternatively to contact the Program Director of the degree course in which you are interested. In case of a double degree the concerned faculty will arrange the regulations. (You will find further information about the different departments and programs at www.uni-tuebingen.de (Fakultäten))
2. The second step is to obtain an agreement of acceptance by the Department. Your prospective supervisor will assist you in this regard. This "letter of acceptance" should be sufficient to apply for a visa to travel to Germany for the purpose of study/research.
3. Once you have been accepted by a Professor resp. by the Department as a Ph.D.-candidate the third step for enrolment as a doctoral student is to apply for official admission at the Office for Advising and Admission of International Students .
4. Here you will find the online application:

5. After being admitted by the Office for Advising and Admission of International Students you are required to show up at the enrolment office in person (Wilhelmstr. 11).

For the enrolment procedure there you will need the following:

- the letter of acceptance from the Department
- the letter of acceptance of the International Students Admission Office,
- your passport with a valid residence permit
- a picture in the size of a passport photograph
- a documentary proof of a health insurance.

5. After being admitted you can apply for a room/apartment in one of the student dormitories:

There is no deadline for the enrolment of doctoral students. You can apply at the Studentenwerk Tübingen for apartment/room after having received the letter of admission from our office.
